

Because of the late bloom season in some parts of the country, the following cultivars were not available before the catalog went to press and are listed here as an addendum to the catalog.

\$12 *I. hoogiana* – grown by Ken Trimmer

\$5 **LEO'S MAGIC** OG (Clark by Leech R.1973). S. cream ground, veined and dotted maroon black, wide pink blaze in center overlaying strong midrib; F. recurved, cream ground, heavily veined and dotted maroon black; large maroon black signal; brown beard.

\$5 **MERLIN'S MAGIC** RH (Jensen, R.1985). S. dark maroon brown, electric violet flush on midrib; lavender pink styles, cocoa brown crest; F. very dark brown, violet flush below beard; beard yellow white in throat, light lavender at tip. An advanced generation *I. stolonifera* hybrid.

\$8 **THESEUS** RC (Van Tubergen, N. R.) S. deep violet with deeper veins; F. cream-white netted deep violet; deep violet signal.
